

# Quick Match Long Fuse and Lance

## ▶ Quick match and long fuse

### Quick match

#### Rate of burning

10m/sec or more

#### Characteristics / Applications

- Quick match is used as burning train of exhibition fireworks or sequential launching.
- Core charge is covered with one sheet of coating paper.

### Long fuse

#### Rate of burning

10m/sec or more

#### Characteristics / Applications

- Long fuse is used as burning train of exhibition fireworks or sequential launching.
- Since the core charge is covered with two sheets of coating paper, unexpected ignition is less likely to be caused by other sparks than ordinary quick match.

### Package table

| Brand name  | Inner package  | One carton                  | Carton size<br>D×W×H(mm) |
